APPLICATION AND GUIDELINES

Washington State Parks & Recreation Commission 2017 Marine Patrol Federal Financial Assistance Grant Program

INTRODUCTION

The Washington State Parks and Recreation Commission, Recreational Boating Safety Program is authorized by law to administer grant funds to local law enforcement agencies who are in Approved Program status. Agencies must meet the minimum Approved Program requirements of WAC 352-65 and have an updated P&R A-299 (Rev 10/2016) on file with State Parks to be considered eligible to apply for the Federal Financial Assistance Grant for FFY 2017.

Under this grant program, the purpose of a marine patrol unit is to enforce RCW 79A.60 Regulation of Recreational Vessels. Provide emergency response to boating accidents that occur on the water. Each marine patrol should serve to protect the lives and property of persons participating in recreational boating in this state. All grants are awarded based on the potential success and ability of the marine patrol to provide such service to the boating community. Established marine patrols are evaluated using the grant criteria published in this document as well as its ability to meet the requirements and assurances of WAC 352-65 Boating Safety Program Approval.

Grants are awarded on a cost share basis. Only those agencies willing to provide matching funds of a 100% match of their allocated Vessel Registration Fees if that allocation is \$10,000.00 or less, or 50% match of their allocated Vessel Registration Fees if that allocation is \$10,001.00 or more. The grants may be utilized for the purchase, maintenance, and operation of vessels, marine equipment, education materials, and personnel salaries.

Agencies that do not report local expenditures on the annual *Vessel Registration Fee Expenditure Report* are not eligible to apply for the grant.

The grant guidelines contained within this booklet explain the application process. The booklet is designed as a fill-in document so that information may be entered without disrupting the overall format of the document.

The 2017 application must be postmarked on or prior to close of business Tuesday, January 31st, 2017. Extensions of this deadline will not be granted.

Contact Hoyle Hodges at 360-902-8835 for questions regarding the Federal Financial Assistance Grant. Additional contacts for the Recreational Boating Safety Program are located on page 4 of this booklet.

On behalf of the WSPRC Recreational Boating Program, thank you for your interest in the Federal Financial Assistance Grant Program.

APPROVED PROGRAM STATUS

Only those law enforcement agencies with a current and up to date Boating Safety Program Approval form P&R A-299 (Rev 10/2016) on file with State Parks Recreational Boating Program are considered approved programs.

These programs are required to meet all of the Required Assurances provided for in WAC 352-65 Boating Safety Program Approval.

- Boating accident reporting and investigation
- Boater assistance
- Training
- Rules and regulations
- Enforcement
- Boating safety education and information
- Waterway marking
- Boating safety inspections
- Reports
- Limitations on use of funds

Failure to maintain approved program status makes law enforcement agencies ineligible to apply for or receive Federal Financial Assistance Grant funds.

DETERMINING FUNDING

- At our foundations, we are an injury prevention program. As such, we seek to work with our partners in law enforcement to reduce recreational boating injuries and accidents and increase the chances that all boaters go home at the end of the day.
- We wholeheartedly believe in the ability of local law enforcement officers to make a difference working within their communities by collaborating with community leaders, stakeholders and volunteer organizations on community based solutions; to act as teachers to their boaters seeking compliance with the law at the lowest level possible, guardians for those in crisis on the water and a visible deterrent to those that would knowingly violate Washington boating safety laws.
- We strive to provide adequate funding, technical support and the very best training to Washington's corps of maritime officers so that they are equipped with the vessels, equipment, and most importantly the skills necessary to safely, confidently and competently perform the duties that the citizens of Washington expect and deserve.

Washington State Parks & Recreation Commission 2017 Marine Patrol Federal Financial Assistance Grant Program

- We embrace our role as good stewards of public funds. As such, we:
 - Expect a high level of performance from those partners to whom we provide funding.
 - Devote our limited financial resources where additional resources are most needed to prevent boating accidents even though this may not result in a uniform distribution.
 - Seek financial partnership with all law enforcement partners defined by the contribution of financial resources by both parties to achieve our common mission.

For FY 2017 State Parks and the Marine Law Enforcement Committee have no changes to the criteria used to determine award amounts.

2017 Grant Eligibility Criteria for Equal Share of 60% of Funds (\$420,000)

1. Local funding match:
 - a. 100% match requirement if agency receives \$10,000 or less of vessel registration fees. Example: if an agency receives \$6,000 in vessel registration fees, they must show \$6,000 in local funding devoted to the marine law enforcement program.
 - b. 50% match requirement if agency receives more than \$10,000 in vessel registration fees. Example: If an agency receives \$20,000 in vessel registration fees, they must show \$10,000 in local funding devoted to the marine law enforcement program.
2. Approved Prevention Plan: A plan that includes:
 - a. An assessment of the highest priority recreational boating risks and hazards within the jurisdiction based on accident data, any other relevant data, and best professional judgment.
 - b. Identification of highest priority audiences: Based on data in subsection (a) identify the demographic groups of boaters that are the highest priority for prevention efforts and the specific behaviors that, if changed, would result in fewer boating accidents or fatalities.
 - c. Measureable prevention goals for the end of the current year - FY 2017.
 - d. Tactical prevention plan: A plan that describes how the jurisdiction will use a mix of the following tactics to influence the behavior of the target audiences. Not all may be necessary. Tactics must be clearly tied to the goals of the plan and target audiences. Each tactic should include a measureable performance goal.
 - i. Patrol plans, emphasis patrols, and enforcement policies
 - ii. Safety Inspections
 - iii. Education classes

Washington State Parks & Recreation Commission 2017 Marine Patrol Federal Financial Assistance Grant Program

- iv. Community events
 - v. Presentations to groups or schools
 - vi. Outreach to boaters through a mix of media, including but not limited to traditional media (i.e. press releases) or outreach channels of the agency or its partners and stakeholders including websites, newsletters, outbound email marketing, and social media.
 - vii. Participation in community forums, drowning prevention cooperatives, safe kids groups, or other injury prevention based partnerships that results in the jurisdiction's ability to leverage the resources and expertise of other community groups to help reduce recreational boating accidents.
 - viii. Local ordinances
3. Instructors: The jurisdiction must be willing to provide marine law enforcement instructors if requested by State Parks that are able to attend instructor training and then teach up to 40 hours of classes for three years.
4. Participation in meetings: The lead marine officer identified by the agency must attend all meetings and conferences convened by State Parks.
5. Advanced Training / Currency: Agencies must ensure that all marine officers identified in their roster have received all advanced training required by State Parks.

2017 Grant Allocation Criteria of 40% of Funds (\$280,000)

1. Boat Launches Lanes (Access) – the agency will provide the total number of boat launch lanes providing access to water bodies patrolled by the agency. State Parks will augment the data provided by agencies with information gathered from WDFW and RCO on public boat launches. 10% of the funds will be allocated based on each agency's percent of the total boat launch lanes.
2. Surface Acres of Patrolled Waters – Based on the survey of patrolled water bodies conducted June and July 2014, State Parks will use geographic information systems to calculate the total surface acres of water patrolled by the jurisdiction agency. 10% of the funds will be allocated based on each agency's percent of the total acres of patrolled water.
3. Boating Accidents – State Parks will calculate the total number of reportable boating accidents that occurred during Federal FY 2016 within the agency's jurisdiction. State Parks will include all accidents documented and submitted to State Parks as Boating Accident

Washington State Parks & Recreation Commission 2017 Marine Patrol Federal Financial Assistance Grant Program

Reports (State Parks Form A-440) or Boating Accident Investigation Reports (State Parks Form A-425). 10% of the funds will be allocated based on each agency's percent of the total accident reports.

4. Boat Log Hours – State Parks will calculate based on data submitted by the agency from the SOAR for Federal FY 2016. This is not a measure of total officer hours but boat patrol hours. 10% of the funds will be allocated based on each agency's percent of the total boat log hours submitted.
5. Assists and Search and Rescues – State Parks will calculate based on data submitted by the agency from the SOAR the total number of documented assists and search and rescues reported in the prior five calendar years. 10% of the funds will be allocated based on each agency's percent of the total assists and search and rescues reported.
6. Inspections – State Parks will summarize the total number of written inspections conducted in the prior calendar year from data submitted by the agency in the SOAR or obtained from SECTOR. 20% of the funds will be allocated based on each agency's percent of the total number of inspections reported.
7. Accuracy and Timeliness of Paperwork – State Parks will monitor the accuracy and timeliness of submittal of SOARs, grant billings and accident reports by marine law enforcement programs. Scored as follows – All paperwork submitted on time = 2 points. Any late submissions = 1. No paperwork / reports submitted on time = 0. 70% of the funding will be set aside for this category among agencies with a score of 2. 30% of the funding will be allocated equally among all agencies with a score of 1. No funding will be allocated among agencies with a score of zero.
8. Prevention Goals Met: 20% of funds will be allocated equally among agencies that meet all the goals stated in their approved prevention plans. Note: For 2016, funds for the Prevention Plan are being allocated equally among all eligible agencies.

- Equipment used in recovery operations (dive equipment, side scan sonar, etc.) while being used in a search or investigation mode are 100% eligible, once this equipment is used for recovery operations it is no longer an allowable expense. This type of equipment cost is normally prorated between RBS missions and recovery missions. Homeland security missions (night vision equipment, weapons, etc.), or any other equipment determined as unrelated by State Parks is not an allowable expense.

Note: Grant funds cannot be used for indirect costs.

SECTION 2 - REQUIREMENTS AND TIMELINE FOR GRANT DOCUMENTS

State Parks Recreational Boating Program requires that each applicant abide by all deadlines established in this booklet. This booklet will be made available each year with ample time to return the required documents. Failure to meet the identified deadlines will disqualify that agency / applicant and they will be removed from further consideration for assistance.

Incomplete or inaccurate documents shall be penalized for the following years grant allocation under the scoring system for accuracy and timeliness of paperwork and reporting. Documents that are incomplete or contain errors delay the evaluation of all the applicants. Please ensure that you follow all instructions and only provide the information that is requested.

Please ensure that all documents submitted have the appropriate signatures. The individual who signs the documents is accountable for all the information provided on these documents.

E-Mail documents to: hoyle.hodges@parks.wa.gov

NOTE: E-mailed documents with scanned original signatures will be sufficient for meeting turn in deadlines. Original paper copies should still be mailed to State Parks for an agency to be considered complete on grant paperwork and documents.

TIMELINE FOR FY 2017 GRANT DOCUMENTS

FY 15 Grant Applications and Supporting Documents are due: Tuesday, 31 January 2017

1. P&R A-300 Federal Financial Assistance Grant Application
2. P&R A-299 Boating Safety Program Approval
3. Budget document proving match requirement is met.

Washington State Parks & Recreation Commission 2017 Marine Patrol Federal Financial Assistance Grant Program

SECTION 3 - FY 2017 GRANT APPLICATION

LOCAL FUNDING MATCH: MLE FUNDING ELIGIBILITY REQUIREMENTS.

- a) 100% match requirement if agency receives \$10,000 or less of VRF fees.
- b) 50% match requirement if agency receives more than \$10,000 in VRF fees.
- c) State Parks feels the most successful RBS programs have support in their local communities. The clearest sign of support is the amount of funds budgeted by county commissioners or city councils for local RBS programs. State Parks is prioritizing its federal assistance grants for communities that have made RBS programs a priority by budgeting local dollars for their program. State Parks does not want to discourage or prevent a community that has made marine law enforcement a priority from receiving federal assistance grants, however State Parks 1) would like to increase the local commitment for funding boating safety and 2) is unable to fund local marine law enforcement programs by itself so it is prioritizing funding to those communities that can provide a local match. The documentation of local match should show what local funds have been budgeted for the agency's marine law enforcement program for 2017 – the same funds that when spent, would be reported in the vessel registration expenditure report. For the purposes of the financial assistance grants application, State Parks would accept an official budget document on agency letterhead, signed by the police chief or sheriff as evidence of the financial commitment made by the community and would suffice to meet the match requirement for the 2017 federal assistance grants. State Parks is only considering locally provided funds as match. Other grant funds or in-kind contributions would not meet these criteria.
- d) Your agency's match requirement for 2017 is: **\$36,796.40**

Describe the agency's match category (100% or 50%) and how those local matching funds will be used.

In accordance with the annual VRF fee funding received, we will be obligated to a 50% match totaling \$36,796.40. The funds for the match requirement will be expended from the City of Everett general fund and be used for the salaries of officers and civilians involved in RBS qualified activities. The employees will be involved in marine patrol, search and rescue, RBS administration, RBS training, and vessel maintenance. In 2015 and 2016 we were able to fulfill the 50% match requirement.

The budget for 2017

- Overtime in budget code 374 for Marine Unit Training for a total of \$ 10,000
- Overtime in budget code 369 for Marine unit Callouts for a total of \$ 4,000
- 10% of salary of the Marine Unit coordinator for a total of \$14,977
- Salaries and benefits for an instructor to attend two sessions of BMLE for a total of \$5,579
- Salaries and benefits for 2 officers to attend the BMLE for a total of \$6,276

The above listed total is \$ 40,832 this is more that 50% of the VRF funds that we are projected to receive in 2017.

Washington State Parks & Recreation Commission 2017 Marine Patrol Federal Financial Assistance Grant Program

PREVENTION PLAN PART 1 - ASSESSMENT, IDENTIFICATION, GOALS

Risk Factors

Objective: Describe the highest priority recreational boating risks and hazards within your jurisdiction based on accident data, any other relevant data, and best professional judgment.	
High Priority Boating Risks & Hazards	Data / Professional Judgment
Lack of PFD's on small boats, less than 16 feet	2 fatalities in the past five years on boats under 16 feet.
Paddle craft	Increasing fatalities throughout the state associated with paddle sports.

Comments

Over the past several years we have had two fatalities associated with boats less than 16 feet in length. In both these fatalities the victims had not been wearing PFD's. In 2015 and 2016 we focused on small boats and PFD use. In those years we have had no fatalities. In 2017 we will continue to focus on PFD use on smaller vessels.

Based off the state wide trend of increasing deaths associated with paddle sport we will also focus on those boats. We have a large population of kite-boarders in the City, many of which use kayaks and Stand Up Paddle Boards (SUP) to get to the location to kite-surf. In 2017 we will focus on this population to increase the compliance with the required safety equipment.

High Priority Audiences

Objective: Describe the demographic groups of boaters that are the highest priority for prevention efforts and the specific behavior that, if changed, would result in fewer boating accidents or fatalities.	
Description of the Audience	Why is this audience a priority?
Boaters involved in small game fishing	It is the highest level of boating activity in the City of Everett
Small boats, less than 16 feet	Past fatalities
Kite boarders	Use of SUP in high traffic areas

Comments

-As stated above we will continue to focus on boaters that are using boats that are under 16 feet in length. We will focus inspections on those boats when possible to increase compliance in the use of safety equipment.

-The large majority of boaters in the City of Everett are involved in small game fishing. These participants make up most of our boaters in distress. They also are boating in hours of darkness, and in poor weather conditions.

-We have a large kite-boarder population that uses Jetty Island, a City park across the river from the marina. To access the park, many of these kite-boarders use kayaks and SUP to cross the Snohomish River. This section of river has a high volume of boat and ship traffic. We will focus our boat patrols on this area to increase compliance of safety equipment on paddle-craft and rules of the road and to reduce the risk of injury to the persons involved in paddle sports.

PREVENTION PLAN PART 2 - TASKS, TACTICS, MEDIA

- 1. Patrol Plans / Emphasis Patrols / Enforcement Policies:** Please describe how you will use patrol to achieve your prevention goals. (Consider emphasis patrols for Operation Dry Water and other campaigns)

Activity	Time Frame	Patrol Hour Goal for this Activity
Operation Dry Water	June	16 hours
4 th of July	July	25 hours
Opening of crabbing	July	25 hours
Fishing Crabbing	July to September	700 hours
Paddle Sports	July to August	50 hours
Total Patrol Hour Goal		816

Comments

Crabbing and fishing are our largest activities on the water which is where we will focus the majority of our time.

2. Safety Inspections

Activity	Time Frame	Inspection Goals
Fishing / Crabbing	April to September	800
Paddle sports	April to September	50
Total Inspection Goal		850

Comments

Inspections are our primary educational tool. We believe that a high level of written inspections will increase the compliance with safety requirements.

Marina Days	March
Everett Parks Water safety event	April
Coho Derby	September
Total Community Events Goal	4

Comments –Please describe how you will use community events to address the highest priority risks and audiences in your jurisdiction.

The 4th of July and the Coho Derby are the busiest days of the year for our Marine Unit. We will have multiple patrol boats on the water to increase the safety of recreational boaters during both of these events. Included in these high numbers on 4th of July are members of our target audience, small boats, paddle sports and people involved in fishing.

Marina days gives us an opportunity to interact with the public and persons that moore their boat in the marina.

5. Presentations to Groups & Schools

Activity	Time Frame
ORCA Schools	December
Mukilteo Yacht Club	December
Port of Everett	May
Total Presentations Goal	3

Comments - Please describe how you will influence the behavior of the students /attendees through presentations at schools and groups.

ORCA school is a headstart type high school that focuses on marine science. Due to the amount of time that they spend on or near the water they are a high risk youth population for water related injuries. We will continue our partnership to provide boating safety training this year.

6. Media Plan

What are you attempting to accomplish through media? What audiences do you need to inform or influence? What partners do you have that can re-broadcast your message for you? All the national campaigns listed come with media materials pre-made. You are encouraged to consider using them in your program.

We have an active social media program. We will use our Facebook site and our Twitter feed to relay water safety information. The intent of this is to keep water safety in the forefront for people to increase awareness. Our Public Information Officer is part of the Marine Unit. Last year he took photos during patrol of sea life, scenery, or patrol boats and posted them on our Facebook and Twitter accounts. Along with the posts he included water safety tips. These were viewed by approx. 2000 people. This year we will continue this same format with the addition of a water safety tip of the week.

Partnering Organizations	What measureable goal does this partner help you achieve?	Time Frame
Everett Parks Dept.	Increase AIB class participation	March -April
Orca School	Provide AIB class to participants	December

Comments

In partnering with the Everett Parks Department, we are able to advertise our AIB classes in a publication that is mailed to all residential addresses in the City. We are also looking at expanding the class roster to include other boating related safety classes.

In addition, we work closely with the U.S Coast Guard and Navy to assist boaters in our jurisdiction. Continuing this partnership will make for safer waters within our responsible areas.

Washington State Parks & Recreation Commission 2017 Marine Patrol Federal Financial Assistance Grant Program

SECTION 4 - ADDITIONAL BILLING AND ADMINISTRATIVE INFORMATION

These grant funds are specifically for reducing boating-related loss of life, personal injury, and property damage tied to the U.S. Coast Guard's *Strategic Plan of the National Recreational Boating Safety Program 2017-2021*. This is accomplished by using the grant funds for on-water law enforcement hours for patrol by officers who have completed a basic Recreational Boating Safety training course meeting State Parks standards. Review the plan at <http://www.uscgboating.org/>.

By completing and submitting this application, the applicant agrees to the following terms:

1. Expand patrols beyond those paid for with state Vessel Registration Fees and local funds.
2. Enforce state RBS regulations using a "zero tolerance" policy for:
 - a. Life jacket requirements, including lifejackets not worn, insufficient lifejackets, and lifejackets found unserviceable or the incorrect size;
 - b. Completion and possession of the mandatory boater education card when operating, for operators required to carry it;
 - c. Boat operation under the influence of alcohol (BUI) rules; and
 - d. "Rules of the road" and other operating regulations.
3. Participate in the national *Operation Dry Water* campaign June, 2017.
4. Follow the following procedures for requesting reimbursement. Invoices for reimbursement may be submitted no more often than monthly but no less than quarterly.
 - a. Submit the following documents.
 - i. The Marine Law Enforcement Grant Invoice Voucher (form A-19) provided including the Officer List Worksheet. When preparing the A-19 invoice voucher, please be sure all expenditures support the RBS mission and that detailed explanations are provided for purchases of equipment and maintenance that occurred during the period in which reimbursement is requested. Boating Program staff will review all A-19's and contact you if any expenditure listed is unclear. Copies of receipts may be requested to support reimbursement.
 - ii. Summary of Activities Report (A-428)
 - iii. Yellow copies of all written vessel inspections completed (P&R A-274). Copies submitted with the quarterly Summary of Activities Report will be sufficient.

Washington State Parks & Recreation Commission 2017 Marine Patrol Federal Financial Assistance Grant Program

- iv. Copies of the vessel log sheet to document each patrol vessel and shift may be requested.
- v. Names of officers performing patrols paid with these funds.
- b. A-19 Invoice Vouchers requesting reimbursement must be received and date stamped at State Parks by the following dates. The timely submission of reimbursement requests allows proper time for the processing of payments. A-19's submitted after these dates will not be accepted, but may, at our discretion, be processed only when State Parks has been contacted in advance of due date.
 - i. For the period March-April-May-June (2nd quarter): by July 15th.
For the period July-August-September (3rd quarter): by October 15th.
 - ii. Invoices for reimbursement (form A-19) may be submitted monthly or quarterly.
- c. Unforeseen Circumstances: If, during any quarter, an agency is unable to meet the requirements of the grant it should submit a letter, signed by the police chief or sheriff, along with the reimbursement request explaining the reasons and mitigating circumstances. In extreme cases, State Parks may request these applicants to submit a plan within 30 days of the end of the quarter that describes steps the applicant will take to meet minimum requirements. In these cases, reimbursement requests may be deferred until the plan is received and approved by State Parks.
- d. Grantees are required to maintain records of all allowable expenditures for which grant dollars were spent and must make these records available to State Parks for review upon request. Expenditure records may include but are not limited to receipts, invoices, and timesheets. These records must be maintained for six years following the completion of the grant.

Agencies that did not report local expenditures on the annual *Vessel Registration Fee Expenditure Report* due November, 2016 are not eligible to apply for the grant.
